**Master of Computer Science
And Application,**
Sant Gadgebaba Amravati
University, Amravati
2017-2020

About Me

Dedicated and versatile professional with a solid background in manual test engineering and passionate educator with proven success as an Assistant Professor of Bachelor of Computer Applications (BCA). Eager to leverage expertise in curriculum development, student mentorship, and innovative teaching methods to contribute effectively as an Assistant Professor, fostering academic excellence and student success.

Professional Experience

Vidyabharati Mahavidyalaya, Amravati | Assistant Professor

Sept. 2022 – Present

- Developed and delivered engaging lectures, seminars, and laboratory sessions on diverse topics in computer applications, catering to the academic needs of undergraduate students.
- Facilitated active learning and student engagement through the integration of real-world examples, case studies, and hands-on projects, fostering critical thinking and problem-solving skills.
- Provided academic advising, mentorship, and career guidance to students, assisting them in achieving their academic and professional goals.
- Presented Paper on "Introduction to Artificial Intelligence and its Applications" at national conferences held at VBMV, Amravati.
- Collaborated with colleagues on curriculum development, course design, and assessment strategies, ensuring alignment with academic standards and program objectives.

Edelweiss Financial Pvt. Ltd. | Test Engineer

March.2021– April. 2022

- Developed and executed comprehensive test plans and test cases for software applications, ensuring the quality and reliability of products.
- Collaborated with cross-functional teams to identify, analyze, and resolve software defects, improving overall product performance and user experience.
- Utilised various testing methodologies, including functional testing, regression testing, and user acceptance testing, to validate software functionality and usability.
- Documented test results and reported findings to stakeholders, facilitating informed decision-making and continuous improvement processes.
- Contributed to the development and implementation of automated testing frameworks, enhancing testing efficiency and effectiveness.
