## INTRODUCTION

NATIONAL SERVICE SCHEME popularly known as NSS was launched in Gandhi's Birth Centenary Year 1969, under the Ministry of Youth Affairs & Sports Govt. of India. The scheme was launched with primary focus on the personality development of students through community service and promotion of National solidarity. The central theme which Gandhi tried to impress upon his student audience time and again was that they should always keep before them, their social responsibility. The first duty of the students should be, not to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to society. Advising them to form a living contact with the community in whose midst their institution is located, he suggested that instead of undertaking academic research about economic and social disability, the students should do "something positive so that the life of the villagers might be raised to a higher material and moral level". NSS works on the premise that it is possible to awaken the villagers and slum dwellers to their responsibilities and develop in them the confidence, to tackle their common problems with energy, enthusiasm and in a co-operative spirit, based on mutual aid and self-reliance. The role of students is limited as activists, enablers, catalytic agents with wider communities and as programme aids. Main objective of National Service Scheme Special Camp was Swaccha and Swasth Bharat Abhiyan, Along with Woman Empowerment, Importance of Education, and teeth testing camp for villagers was the key attraction of the camp. Volunteers of NSS created awareness in villagers through various street play and rallies on topic like Education, Swacchhata, water Harvesting, Drainage Water Management etc.
